A few days ago, APC launched the new version of the [Feminist Principles of the Internet](#), which were collaboratively drafted in 2014, through in-depth conversations on key issues from feminist perspectives. We now have a new website, [Feministinternet.net](#), where you can read about, engage in conversations and contribute to the Principles.

The Feminist Principles of the Internet are a key framework to explore and keep developing together at this unique gathering that is [#AWIDForum](#), where APC is the host for several sessions, including a plenary on [Co-creating new futures](#), breakout sessions, and the pre-event [Imagine a Feminist Internet](#), where we will explore the [Feminist Principles of the Internet](#) (FPIs).

Are you in Brazil for the [#AWIDForum](#)? Don't miss our sessions :) apc.org/en/node/21906/

A photograph taken from the audience's perspective looking towards a stage. A woman with dark hair, wearing a patterned dress, stands on the stage holding a microphone and speaking. Behind her, a large projection screen displays a presentation slide. The slide features a purple header with text in Spanish, followed by a photograph of a person and some text at the bottom. In the foreground, the backs of several audience members' heads are visible as they watch the speaker.

The digital/online is now as seamlessly a part of our lives as the physical/offline. And it's throwing up new challenges for feminism: around asserting autonomy, reimaging bodily integrity, and reconfiguring selfhood/identity. Let's imagine a feminist internet that is a site for our political activism – and a space for personal exploration.

Organizers: Point of View • Association for Progressive Communications. Presenters: Bishakha Datta • Nadine Moawad • Valentina Pelizzetti • Sheena Magenya.

A FEMINIST INTERNET WORKS TOWARDS EMPOWERING MORE WOMEN AND QUEER PERSONS - IN ALL OUR DIVERSITIES - TO FULLY ENJOY OUR RIGHTS, ENGAGE IN PLEASURE AND PLAY, AND DISMANTLE PATRIARCHY. THIS INTEGRATES OUR DIFFERENT REALITIES, CONTEXTS AND SPECIFICITIES - INCLUDING AGE, DISABILITIES, SEXUALITIES, GENDER IDENTITIES AND EXPRESSIONS, SOCIOECONOMIC LOCATIONS, POLITICAL AND RELIGIOUS BELIEFS, ETHNIC ORIGINS, AND RACIAL MARKERS. THE FOLLOWING KEY PRINCIPLES ARE CRITICAL TOWARDS REALISING A FEMINIST INTERNET.

La militancia de las mujeres por la democratización de sus sociedades también cae bajo el control patriarcal. El testimonio de Yara Sallam, de la Iniciativa Egipcia por los Derechos Personales, quien fue detenida en una marcha de protesta pacífica, juzgada y encarcelada, es una demostración de que al menor cuestionamiento las mujeres pueden ser blanco de severas sanciones.
